Privacy Policy

9. Use of Cookies

On our website, we use the so-called cookie function. Cookie is a small text file that can be uploaded to the user's computer and stored there, which enables the administrator of the internet pages to identify visitors who visit the site frequently, to facilitate the login of visitors to the pages, and to enable the compilation of combined information about visitors. With the help of this feedback, we are able to constantly improve the content of our pages. Cookies do not damage users' computers or files. We use them in such a way that we can offer our customers information and services according to each of their individual needs. The use of cookies can be restricted or prohibited.

If the user visiting our website does not want us to receive the above-mentioned information with the help of cookies, most browser programs allow the cookie function to be turned off. This usually happens through the browser settings.

However, it is good to take into account that cookies may be necessary for the proper functioning of some of the pages we maintain and the services we offer

10. Registry protection

The data is transferred over an SSL-protected connection.

Electronic data is protected by a firewall, user IDs and passwords.

Only those persons employed by the data controller who need the data in their work have the right to access the data.

11. Automatic decisionmaking

Automated individual decisions (Article 22 of the EU Data Protection Regulation) are not made.

12. Rights of the Registrant

The registered person has the right to check what information about him has been stored in the personal data register. The written inspection request must be signed by the registrant to the person in charge of registry matters.

The right of inspection is free of charge once a year at most.

The registrant has the right to demand the correction or deletion of incorrect or outdated data or the transfer of data from one system to another. He/she also has the right to limit or object to the processing of his data in accordance with Articles 18 and 21 of the EU Data Protection Regulation.

The registrant has the right to withdraw the previously given consent to the collection of data or to file a complaint with the supervisory authority about matters related to the collection of personal data.

The registrant also has the right to prohibit the use of their data for direct marketing purposes
